X. Bulletproof Vest Grant
Steve Laroche, Police Chief

S. Laroche introduced the item, as per the following memo, and answered questions from the Selectboard:

TO: Don Turner Jr., Town Manager

FROM: Chief Stephen Laroche

DATE: May 9, 2023

SUBJECT: 2023 Bulletproof Vest Partnership Grant

The Bulletproof Vest Partnership Program has again offered the Milton Police Department an opportunity to apply for a federally funded grant in the amount of approximately \$4,000. This grant will be used to purchase new bulletproof vests for existing Police Officers and new hires. The average life span for a bulletproof vest is between 4-5 years depending on wear and tear.

The Bulletproof Partnership Program is a federally funded program that offers Police agencies across the nation the opportunity to provide their Police Officers with new bulletproof vests. The Milton Police Department has received this bulletproof vest grant since 1999. Each year we replace officer's expired or expiring vests with new bulletproof vests. The awarded grant money is valid for up to 3 years from date of acceptance. Therefore, the 2023 vest grant will allow us to spend these funds up until 2026.

Over the past few years, we have received the following amounts for this grant:

2020-\$2,000.00
2021-\$2,705.00
2022-\$2,337.88

There is a 50% match from the Town of Milton towards the bulletproof vests. This match will be payment of half the price of the bulletproof vest cost. As in years past, 50% of the cost of the vest is paid for by the grant, while the other 50% is paid for by the Town of Milton.

We would like permission from you to apply and then accept this funding opportunity for the 2023 Bulletproof Partnership grant. All applications must be submitted by June 26, 2023.

Motion made by C. Taylor to allow the Town Manager or his designee to apply and then accept this funding opportunity for the 2023 Bulletproof Partnership grant, with a second by L. Morgan. Motion approved unanimously.

XV. Update from Town Manager and Board Members

Don Turner, Jr., Town Manager

D. Turner provided the following updates:

- The Town hears a lot of concerns about paving on Route 7, from Exit 17 North through Main Street, and is advocating for repairs. The Town is actively working with legislators to encourage VTRANS to make significant repairs to this section of road as soon as possible. The Town will post updates as progress is made. M. Morgan provided insight that there should be more clear updates on what will be done within the next couple of weeks.
- Grange renovations are progressing nicely. Thank all of those that have volunteered to assist with this work. Hoping to have a soft opening in early June and reopen for use no later than July 1, 2023.
- On Wednesday, May 10, a crew of Milton Public Works employees traveled down to the Barre Municipal Civic Center for the American Public Works Association (APWA) New England chapter's 2023 Vermont Municipal Equipment Show & Field Day. Milton's Public Works Director Lisa Schaeffler did a wonderful job helping to organize this event as the APWA New England Chapter's 2nd Vice President. D. Turner had the honor of delivering a speech to highway workers from around the state about the importance of their roles as public works first responders. It was a wonderful event, and the crew enjoyed learning about the latest equipment and industry best practices.
- The Town continues to make progress on resolving the Catamount fire suppression water supply. The Town has determined that we will be able to restore the higher pressures necessary to operate the commercial sprinkler systems after we install pressure relief valves in the 16 properties that currently do not have them. Tom and his team are at work now. We will report the estimated cost to make these improvements to the Selectboard as soon as we have that information. The Town will be contracting with a licensed plumber to do this work.
- The Town is proceeding with the proposed boundary line adjustment for the 3.9 acre Brault parcel.
- The Kienle Road subdivision is in the final stages and will be on the DRB meeting agenda on May 25th. Recently, one neighbor has raised some concern about new houses being built in their backyard.
- Paving is going well now that the weather is cooperating. The projects on Westford and Mears Roads are complete. Arrowhead Ave. shim is complete and today they were paving Haydenberry, Ellison and Lamoille Terrace. We will evaluate where we are financially when these are complete to determine how much further we can go with Whisper and Winter Lanes.
- The Town is investigating a sewer smell in the vicinity of the Fieldhouse last Friday evening. We have not determined the cause at this time.
- Police Department will be holding a Bike Rodeo for Kids: May 20, 10 a.m. – 1 p.m. Activities are geared toward ages 5-12; however all are welcome to participate
- The Economic Development Commission Meeting and Spring Social on May 24, 2023 will be held at Vermont SportsCar at 85 Gonyeau Rd from 4:30 - 6 p.m. Snacks will be provided and tours of the facility will follow the meeting.
